### Topic 1 - GitHub Repository Update

**Timestamp: 9 November 2022 11:06pm**

**Location: WhatsApp**

**Opened By: Gabriel**

#### **Discussion:**

Gabriel states that he has updated his repository. Gabriel notes to the team that if they want to see the 2 tier architecture they can view his.

Gabriel wishes the team “jia you”

Henry and Ezra note this.

Ezra states that under the adminstyle.css to change .header to header.

### Topic 2 - Class Update

**Timestamp: 10 November 2022 12:01pm**

**Location: WhatsApp**

**Opened By: Gabriel**

#### **Discussion:**

Gabriel states that the class is tomorrow at 9am and not today.

## **Topic 3 - Database Update**

**Timestamp: 10 November 2022 12:34pm**

**Location: WhatsApp**

**Opened By: Darma**

### **Discussion:**

Darma asks if anyone in the team can help him change the database table. Darma states that he has changed it but only at his local database.

Darma sends the CREATE scripts in text form and asks for the deletion of 2 tables.

Gabriel notes this.

## **Topic 4 - Weekly Task**

**Timestamp: 10 November 2022 2:27pm**

**Location: WhatsApp**

**Opened By: Ezra**

### **Discussion:**

Ezra asks if the team has completed task.

Marabel clarifies if this week is week 9 and asks if the weekly task is about the screenshot of project management tools.

Gabriel agrees and states that he will submit it later.

## **Topic 5 - Report Update**

**Timestamp: 11 November 2022 9:50am**

**Location: WhatsApp**

**Opened By: Ezra**

## **Discussion:**

Ezra sends the following link:

[https://docs.google.com/document/d/1BHo\\_n1wseuulAbuaPX9TYWb-zmX8eQHEGWet5RGvTw8/edit?usp=sharing](https://docs.google.com/document/d/1BHo_n1wseuulAbuaPX9TYWb-zmX8eQHEGWet5RGvTw8/edit?usp=sharing)

Ezra states that the link is to the report. Ezra also states that the report only needs the result and conclusion to be completed.

## **Topic 6 - Database Code Error**

**Timestamp: 11 November 2022 10:45am**

**Location: WhatsApp**

**Opened By: Darma**

## **Discussion:**

Darma sends a screenshot of his error message stating that he has an error when running with user.master.

Marabel states that the error reads: Server was not found or was not accessible. Marabel asks Darma to check if his application is connected via the correct connection string. Marabel states that Darma can also do a simple Google for possible solutions.

Darma sends a screenshot of another error and pings Marabel. Darma asks if the one at GitHub is the updated one. Marabel responds yes.

Marabel states that her database tables have been changed. Marabel states that the new scripts have been uploaded to her GitHub a long time ago.

Darma states that he just download and change the connection string and thats the error that showed.

Marabel states that she has mentioned her database change 2 weeks ago. Marabel states that her files have been changed to <tutorialGuide> and that they were all updated in her GitHub.

Marabel states that if there are sill errors with loading the database after using her GitHub scripts, the team should let her know.

## **Topic 7 - Navbar Display Error**

**Timestamp: 11 November 2022 12:04pm**

**Location: WhatsApp**

**Opened By: Ezra**

**Discussion:**

Ezra sends a screenshot of the navbar display error and asks Marabel if she changed anything on the user masterpage.

Ezra states that the last time when the tab is minimized it'll show 3 dotted strips. Ezra sends a screenshot of the intended display.

Marabel responds that she did not change the navbar and only added in a drop down bar. Marabel responds that she has not touched the codes since her integration 2 weeks ago.

Ezra states that when Marabel added the drop down bar, he thinks it might affect the navbar display. Ezra sends a video of the navbar display error and states that the sports drop down is fixed unlike the guide one.

Marabel asks Ezra what alternative he proposes to fix the issue.

Marabel clarifies that if the navbar is responsive, it should resize itself regardless of the number of navbar items. Marabel states that the codes she used are the same as those of the other navbar items.

Ezra asks Marabel if she has an alternative in mind to fix this issue.

Marabel responds that she does not at the moment. Marabel states that she asked the question as he was the first to bring up the issue hence she wanted to know if he already had something in mind.

Ezra responds that he does not hence he asked her back.

Marabel asks if there is an issue here. Ezra responds yes, the navbar has an issue. Ezra states that they dont know how to fix it. Ezra asks Marabel if she has an alternative on how to fix it because they dont.

Marabel re-states that she does not at the moment.

Marabel states that she is currently working on tutorialGuide feature and when she has finished working on it she will look at the navbar.

Marabel asks Ezra if he wants to email Bobby to ask for help. Ezra clarifies help in what way. Ezra asks if its help coding wise.

Marabel responds yes. Marabel tells Ezra to ask if Bobby is able to help the team with alternatives since the team does not know how to fix it at the moment. Marabel states that Ezra can ask if Bobby can propose some methods for the team to try.

## **Topic 8 - Clarification for the Team**

**Timestamp: 11 November 2022 12:38pm**

**Location: WhatsApp**

**Opened By: Marabel**

### **Discussion:**

Marabel states that she wants to make this issue clear for the rest of the team for the remaining of the semester (word for word):

“Next time, if there's an issue with my codes after integration, preferably let me know the day of or at least within the next few days so that I can fix it asap.

Do not wait for weeks after to tell me that you have issues with my codes. I may not be free at that moment to help fix it as I have other features to work on.”

Marabel states that if anyone else has immediate issues with her code to check and bring it up to her today for discussion.

Ezra notes this.

## **Topic 9 - Email Clarification**

**Timestamp: 11 November 2022 5:40pm**

**Location: WhatsApp**

**Opened By: Marabel**

### **Discussion:**

Marabel asks Ezra if he has emailed Bobby about the issue.

2 hours later, Marabel asks Ezra again if she can get a response.

Ezra states that he has not yet.

Marabel notes this. Marabel states that when Ezra sends the email to Bobby, to CC her school email as well as Gabriel.

## **Topic 10 - Minutes of Meeting Update**

**Timestamp: 11 November 2022 7:20pm**

**Location: WhatsApp**

**Opened By: Marabel**

### **Discussion:**

Marabel notes that she will add all WhatsApp & Discord messages outside of weekly meetings into the Notion documentation.

Marabel states that she will update again when it is completed.

## **Topic 11 - Minutes of Meeting Correction**

**Timestamp: 10 November 2022 9:24pm**

**Location: WhatsApp**

**Opened By: Gabriel**

### **Discussion:**

Gabriel pings Marabel and apologizes. Gabriel asks if Marabel can revise the meeting notes for today as Ezra was not late.

Marabel asks Gabriel what time Ezra arrived to class. Gabriel responds that Ezra arrived on time.

Marabel clarifies if Ezra arrived on time to physical class. Gabriel responds that Ezra did not join the breakout room on time but he comes to class on time.

Gabriel clarifies that he was the only one who was late today.

Marabel notes this and states that she has updated it.

## **Topic 12 - Request for Weekly Discussion Change**

**Timestamp: 12 November 2022 11:26am**

## **Location: WhatsApp**

## **Opened By: Marabel**

### **Discussion:**

Marabel states that she has updated all WhatsApp and Discord messages into Notion under <Weekly Discussion> tags.

Marabel states that if the team members do not request for a change, it is implied that they agree with how they are represented in the documents. Marabel states a request for change is accepted until 18 November 2359.

Marabel states that to ensure fairness to all parties, members should message her in the following format to request a change:

1. Screenshot of the line to change
2. What you want it to be changed to
3. Reason for change
4. Screenshot of actual text exchange
