Topic 1 - Report Creation

Timestamp: 8 September 2022 11:53pm

Location: Discord

Opened By: Ezra

Discussion:

Ezra informs the team that he has completed the report and spreadsheet and sent it to all member's emails. Ezra states that the members can check the documents and may let him know if they would like to make changes.

Topic 2 - Master Page Creation

Timestamp: 9 September 2022 4:59pm

Location: Discord & WhatsApp

Opened By: Darma

Discussion:

On Discord, Darma sends a screenshot of his master page and asks the team for their opinion. Gabriel responds with a thumbs up.

On WhatsApp, Darma asks where he needs to send the (project) file as Discord has a max file space of 100mb.

Gabriel responds and asks if Darma can use a google drive.

On Discord, Darma sends a google drive link of the project file and asks if the team can see the project.

On WhatsApp, Darma states that he has sent it to Discord and asks the team to try the link.

Gabriel notes this and states that he will try it later when he is home.

On Discord, Darma gives some instructions on how to add a new webform to the project solution.

Darma states that he is going to edit the masterpage and re-sends an updated preview.

Darma states to let him know if the link can be open or not.

No response from the team is given.

Below is a screenshot of Darma's updated masterpage:
